DEAR COLLEAGUES,

The **National Congress of Oncology** is the flagship scientific event organised by the Romanian National Society of Medical Oncology (**SNOMR**) and one of the leading platforms for continuing medical education for professionals involved in the care of patients with cancer.

From **8 to 10 October 2026**, the congress returns to the Poiana Braşov Conference Centre, bringing together Romania's oncology community to explore the latest scientific advances, foster interdisciplinary dialogue and promote professional excellence.

The 2026 edition brings together clinical experience, research and innovation through a programme centred on the most relevant topics in contemporary oncology. Over three days, medical oncologists, radiation oncologists, surgeons, pathologists, radiologists, haematologists, researchers and professionals from related specialties will engage in an extensive exchange of knowledge and experience, helping to strengthen a multidisciplinary approach to cancer care.

The scientific programme includes:

- Lectures delivered by leading experts from Romania and abroad;
- Multidisciplinary sessions addressing the most complex oncological conditions;
- Presentations of the latest clinical studies, treatment guidelines and innovations in the field;
- Interactive workshops and courses with practical applications;
- Numerous opportunities for networking and developing professional collaborations.

The congress continues SNOMR's tradition of promoting evidence-based medicine, continuing medical education and interdisciplinary collaboration, helping to build a professional community united by a common goal: improving care and quality of life for patients with cancer.

We are welcoming you to The National Congress of Oncology 2026!

MEDICAL EXHIBITION

The Medical Exhibition will be available throughout the event in the lobby from the first floor of the Conference Center (Valea Dragă Street, 2A).

CONFERENCE ROOMS

The Congress's scientific sessions will be held in the following conference rooms of the Conference Center and Ana Hotels:

Poiana Braşov Conference Center:

- "Poiana" conference hall – first floor;
- "Bradul" conference hall – first floor;
- "Carpatia" conference hall – groundfloor;
- "Alpin" conference hall – groundfloor

The **poster sessions** will be held in the "Alpin" conference room.

Ana Hotels – Sport:

- "Ana 1" conference hall – second floor;
- "Ana 2" conference hall – second floor;

In Ana Hotels conference rooms, there will be scientific papers only on October 8th.

SCIENTIFIC ACCREDITATION AND CERTIFICATES

The congress and pre-congress courses have been accredited by the Romanian College of Physicians for a total of **44 CME credits**. To receive CME credits, participants must attend in person or online for the entire duration (100%) of the congress or the pre-congress course they are registered for.

Certificates of attendance will be sent by email and will be available in your S.N.O.M.R account within 30 days of the end of the event.

OPENING CEREMONY AND DINNER

The official opening of the event and the dinner will take place on **Thursday, 8 October, at 19:00**, in **Carpatia Hall** at the Poiana Braşov Conference Centre.

Coffee breaks will take place in the Medical Exhibition area – the first floor of the Conference Center at the times indicated in the program.

DINNERS – 9 AND 10 OCTOBER

You are invited to attend the two dinners organized as part of the National Congress of Oncology 2026:

9 October, 20:00 – Ana Hotels (Ballroom)

You can reserve your place and pay the participation fee at the congress secretariat, which will be available throughout the event.

10 October, 20:00 – Surprise Venue

This dinner is hosted by the organisers, and places are limited. Please contact the event secretariat to reserve your place.

SNOMRun

As part of the 2026 **National Congress of Oncology**, the Romanian National Society of Medical Oncology continues its **#CuUnPasInainte** campaign, raising awareness of the essential role of physical activity in cancer prevention and the fight against cancer, by organising the **SNOMRun** once again this year.

SNOMRun SCHEDULE – FRIDAY, 9 OCTOBER

07:45 Meeting point: Ana Hotels

08:00 Energising warm-up session

08:15 Start of the run

08:45 Finish and stretching session

09:00 Symbolic recognition of participants' efforts

Start and finish point: Ana Hotels

Route distance: 2.5 km

Participation kit: Available for collection on 8 October from the event secretariat, located inside the Poiana Braşov Conference Centre.

Important information for participants: Everyone can take part in SNOMRun in their own way. This is a friendly event open to all, regardless of pace. You can run, walk or simply enjoy being active alongside others.

Friday, October 9 | POIANA Hall (Conference Center)

12:50 – 13:25 | GYNECOLOGICAL CANCERS I

Moderators: Cornelia Nițipir, Adrian Tulin

- 12:50 **Opening**
12:55 **From the Guidelines to the Patient in Front of Us**
12:55 **Session objectives and introduction of the five clinical dilemmas.**

Case 1 – Advanced Ovarian Cancer: The First Decision Shapes Every Subsequent Line of Treatment*

Patient with high-grade serous carcinoma, peritoneal carcinomatosis, and an uncertain likelihood of complete cytoreduction

- Primary surgery or neoadjuvant treatment? How do we realistically assess resectability and the patient's frailty? - Adrian Tulin
- Challenges in histopathological diagnosis - Florina Vasilescu
- 12:55 • BRCA, HRD, and other truly predictive information? - Viorica Rădoi
- 13:25 • Choosing maintenance therapy and determining its duration - Elena Braicu, Cornelia Nițipir, Els Van Nieuwenhuysen
- Recurrence after a PARP inhibitor: is platinum sensitivity still enough? - Elena Braicu, Cornelia Nițipir, Els Van Nieuwenhuysen
- Platinum resistance: biomarkers, ADCs, and emerging treatment strategies - Elena Braicu, Cornelia Nițipir, Els Van Nieuwenhuysen

Case presentation

Ana-Maria Markos, Anđi Tătărici

Educational session organized with the support of **AbbVie*

13:25 – 14:15 Lunch Break

Friday, October 9 | POIANA Hall (Conference Center)**14:15 – 16:10 | GYNECOLOGICAL CANCERS II**

Moderators: Cornelia Nițpir, Adrian Tulin

Case 2 – Ovarian Cancer, Challenging Recurrence: Are We Treating the Tumor, the Biomarker, or the Patient?***A heavily pretreated patient with oligometastatic disease and a potentially actionable molecular alteration**

- When is it worth repeating the biopsy and molecular profiling? - Ana Maria Popa
- MSI/MMR, HER2, folate receptor alpha (FR α), NTRK, and other biomarkers: genuine clinical actionability versus “molecular noise” - Ana Ioana Savin
- 14:15 • ADCs: selection, specific toxicities, and treatment sequencing - Elena Braicu, Dan Jinga
- 14:45 • Ocular toxicities associated with cancer treatments: prevention, clinical monitoring, and integrated therapeutic management - Daniela Popescu
- Surgery, stereotactic radiotherapy, or systemic treatment for oligometastatic disease? - Andrei Anica, Ana Maria Popa, Iulian Slavu
- How can we avoid overtreatment in a frail patient? Incorporating patient preferences and quality of life into decision-making - Andrei Anica, Ana Maria Popa, Adrian Tulin

Case presentation

Nicoleta Dovîță, Anđi Tătărici

Case 3 – Treatment De-escalation in Cervical Cancer: Selection Criteria and Oncological Limits**A young patient with early-stage disease who wishes to preserve fertility, followed by a second scenario with locally advanced disease**

- Simple surgery versus radical surgery in low-risk disease: sentinel lymph node assessment and avoiding unnecessary morbidity - Elvira Brătîlă
- 14:45 • Fertility preservation: oncological limits and appropriate patient selection - Ioana Iordache
- 15:10 • Locally advanced cervical cancer: new treatment strategies and a redefined standard of care - Cristina Maria Orlov-Slavu
- Persistent or metastatic disease: PD-L1, immunotherapy, antiangiogenic agents, and ADCs. What comes after progression on a checkpoint inhibitor? - Radu Dragomir
- Integrating radiotherapy into treatment sequences - Andrei Anica

Case presentation

Amalia Dinu, Alexandra Zait

Educational session organized with the support of **AbbVie*

Case 4 – Endometrial Cancer: Biology Changes Treatment

A patient with apparently early-stage disease but a high-risk molecular profile

15:10

15:35

- What should be tested before the first treatment decision? - Paul Kubelac
- Integrating molecular classification, FIGO 2023 staging, and clinicopathological factors - Elena Tianu
- POLEmut, MMRd, NSMP, and p53abn: when do they change the extent of surgery and adjuvant treatment? - Andrei Anica, Paul Kubelac, Răzvan Vieriu-Moțoc
- Modern systemic treatment for advanced and recurrent disease: immunotherapy, targeted therapies, and treatment sequencing strategies - Oana Trifănescu

Case Presentation

Alexandru Berescu, Marius Ioan Drozd

Case 5 – Rare Gynecological Tumors: Uterine Sarcomas, from Histopathological Diagnosis to Molecular Classification and Personalized Treatment

A patient with a rapidly growing uterine mass, initially thought to be a “fibroid,” whose challenging histopathological diagnosis calls for molecular reclassification

15:35

16:00

- When should uterine sarcoma be suspected before surgery, and what are the limitations of preoperative diagnosis? - Cătălin Coroleucă
- Leiomyosarcoma, endometrial stromal sarcoma, and adenosarcoma: key features for differential diagnosis - Oana Andreoiu
- Biopsy, morcellation, and surgical approach: what should be avoided when malignancy is suspected? - Dana Mihăilă
- When is molecular characterization needed, and when can it change or reclassify the diagnosis? - Oana Andreoiu
- Systemic treatment of uterine sarcomas: from high-risk localized disease to first-line treatment for advanced disease - Silvia Brotea-Moșoiu
- Beyond conventional chemotherapy: biomarkers, targeted therapies, and treatment sequencing in advanced uterine sarcomas - Horia Cotan

From Slide To Strategy: The Rise Of Tumor-Agnostic Her2 - Laura Mazilu, Ovidiu Pop

15:00 - 17:00 | EPOSTERS I

Moderator: Mihai Marinca, Vlad Lupu

1. **Long-Term Disease Control in Undifferentiated Pleomorphic Sarcoma of the Lower Limb Following Multimodal Treatment: A Case Report**
Măriuca Acatrinei
2. **Dual Urological Malignancies with Distinct Histological Bone Metastases**
Alexandra-Valentina Anghel
3. **Therapeutic Challenges Of Locally Advanced Cervical Adenocarcinoma Synchronous With An Ovarian Teratoma**
Raluca Măriuca Anghel
4. **Beyond The Esophagus: Chasing Recurrence Through Nodal Battlegrounds**
Ioana-Bianca Anton
5. **Cognitive emotion regulation and depressive symptoms in metastatic breast cancer: a case-control comparison with non-oncological outpatients**
Ionuț-Lucian Antone-Iordache
6. **Perioperative immunotherapy - a new standard of care for eligible patients, with potentially resectable NSCLC**
Georgiana Baci
7. **Pulmonary large cell neuroendocrine cancer: a diagnostic identity crisis?**
Andrei-Cristian Banu
8. **Beyond BRCA1/2: The Dual Value of Tumor NGS in Ovarian Cancer**
Anca Bardan
9. **Multimodal Management of Clear Cell Carcinoma Arising from an Abdominal Wall Endometriotic Nodule: A Case Report**
Maria Diana Bejan
10. **Active Surveillance In Recurrent Sacroiliac Desmoid-Type Fibromatosis: A Case Report**
Maria-Alexandra Bobolocu
11. **De Novo Small-Cell Neuroendocrine Prostate Carcinoma, Stage IV - A Prolonged Therapeutic Course Despite an Initially Poor Prognosis**
Lucian-Alexandru Căciulă

12. **Maximizing First-Line Efficacy in Metastatic Breast Cancer: ADC Sequencing and the Impact Of Overlapping Payloads**
Călina Florian-Chiriac
13. **The delicate balance between clinical success and the toxicity profile in a patient with stage IV bronchopulmonary neoplasm**
Maria-Victoria Cojocaru
14. **Long-term multimodal management of recurrent high-grade serous ovarian carcinoma with brain metastasis: a biomarker-guided treatment approach**
Ioana-Maria Dochinoiu
15. **From high-risk localized melanoma to metastatic disease: therapeutic challenges after adjuvant anti-PD-1 therapy**
Raluca-Bianca-Elena Dospinescu
16. **Navigating Biological Heterogeneity In Metastatic Prostate Cancer: From Neuroendocrine Differentiation To Psma-Targeted Therapy And Parp Inhibition**
Anca-Alexandra Stolojanu
17. **Beyond Pd-L1: Malnutrition, Cachexia And Sarcopenia As Host Modifiers Of Immunotherapy Outcomes In Non-Small Cell Lung Cancer**
Bogdan Georgescu
18. **Back To The Target: Navigating Multiple Lines Of Therapy In A Case Of Ras/Braf-Wild Type Metastatic Rectal Cancer**
Maria-Alexandra Gheorghiade
19. **Late Recurrence of Triple-Negative Breast Cancer**
Luiza Gherghe
20. **BRCA2-mutant, HRD-positive pancreatic adenosquamous carcinoma: from surgical diagnosis to personalised oncology**
Dragoş Iamandi
21. **Real-World Experience with Adjuvant Abemaciclib in High-Risk HR+/HER2- Early Breast Cancer: A Single-Center Study**
Andreea Iuliana Ionescu (Miron)
22. **Early Real-World Clinical Experience with Adjuvant Ribociclib in Early HR+/HER2- Breast Cancer: Implementing the NATALEE Strategy in Clinical Practice**
Maria Iordache
23. **Oncological outcomes of definitive chemoradiotherapy with bladder-sparing intent in muscle-invasive bladder cancer: a systematic review and meta-analysis**
Marina Leontescu
24. **When 'It's never lupus' fails: CDK 4/6 inhibition and the autoimmune paradox**
Ivona Mariuța

PROGRAM

NATIONAL CONGRESS
OF ONCOLOGY

SATURDAY
OCTOBER 10, 2026

Saturday, October 10 | POIANA Hall (Conference Center)

09:00 – 11:30 | LUNG CANCER (III)

Moderator: Mircea Dediu

09:00 **HER2-mutant 1st L NSCLC: Zongertinib enters the arena**
09:20 Maximilian Hochmair

09:20 **Brain metastases in NSCLC – integrating local and systemic therapy in the era of**
09:40 **CNS-penetrant TKIs**
Giuseppe Banna

09:40 **SCLC: limited and extensive stage in 2026 – new emerging standards of care in SCLC**
09:55 Michael Schenker

09:55 **Integrating Workshop: managing new class specific toxicities ADC, BiTES and more**
10:10 Iolanda Augustin, Laura Mazilu

10:10 **Keynote Lecture: Pollution and the Lung Cancer Burden: Active Player or Passive**
10:40 **Bystander?**
Mircea Dediu

10:40 **Mircea Dediu Award**
11:00

11:00 **MSD Symposium**
11:30 **KEYTRUDA for More Tomorrows: latest data in mNSCLC**
Dana Clement, Șerban Negru

11:30 – 11:50 Coffee Break

Saturday, October 10 | POIANA Hall (Conference Center)

11:50 – 13:10 | LUNG CANCER (IV)

Moderator: Mircea Dediu

AstraZeneca Symposium

Moderator: Laura Mazilu

IMFINZI: One IO regardless of resectability in non-mNSCLC

Giuseppe Banna

11:50

IMFINZI: One IO across the Entire SCLC Spectrum

12:50

Amedea Niță

Redefining Survival with FLAURA2: TAGRISSO + chemotherapy demonstrated the longest median survival results ever recorded in advanced EGFRm NSCLC

Dana Clement

Merck Symposium

12:50

Tepotinib opens a new horizon in MET exon 14-mutant NSCLC

13:10

Andrei Ungureanu

13:10 – 13:30 | BREAST CANCER (IV)

Moderator: Nicoleta Antone

Gilead Symposium

13:10

SG: Current Evidence and Clinical Perspectives

13:30

Mircea Dediu, Laura Mazilu

13:30 – 14:15 Lunch Break

14:15 – 16:00 | BREAST CANCER (V)

Moderator: Nicoleta Antone

AstraZeneca Symposium

14:15

ENHERTU: Shaping the Future Through Evidence, Experience and Expertise

15:15

Nicoleta Antone, Miruna Grecea, Michael Untch

Pfizer Symposium

15:15

AI: The Invisible Partner in the Consultation Room

16:00

Vlad Afrăsânie, Mircea Dediu, Laura Mazilu

16:00 – 16:20 Coffee Break

Saturday, October 10 | POIANA Hall (Conference Center)

16:20 – 17:35 | BREAST CANCER (VI)

Moderators: Vlad Afrăsânie, Miruna Grecea

Lilly Symposium

16:20 **One Patient, One Journey: Rethinking High-Risk Breast Cancer HR+/HER2- from eBC**
16:50 **to mBC**

Mircea Dediu, Miruna Grecea

MagnaPharm Symposium

16:50 **Prevention and Control of Nausea and Vomiting Induced by Highly Emetogenic**
17:05 **Anticancer Treatments**

Teodora Alexa-Stratulat

Novartis Symposium

17:05 **Kisqali beyond data: How Clinical Experience Reinforces Scientific Evidence**
17:35

Ovidiu Bochiș, Oana Trifănescu

17:35 – 19:00 | BREAST CANCER MDT IN ACTION. When Guidelines Are Not Enough

Panel: Nicoleta Antone, Lucian Bratu, Alexandru Eniu, Bogdan Fetica, George Iancu, Adrian Trifa

17:35 **Two Breast Cancers, Two Different Biologies, One Complex Patient**

17:50 Răzvan Negreanu

17:50 **When pCR Is Not Achieved: Managing HER2-Positive Early Breast Cancer in a young patient**

18:05 Andrada Deac

18:05 **Early Breast Cancer with BRCA mutation**

18:20 Vlad Afrăsânie

18:20 **HR+/HER2- Disease After CDK4/6 Inhibitor Failure**

18:35 Ana-Maria Ciurea

18:35 **HER2 and Spatial Heterogeneity: Guiding Treatment Decisions**

18:50 Vlad Lupu

18:50 **Real-world analysis of current pathology practice of HER2 testing in breast cancer in**
19:00 **Romania (SPECTRUM): challenges and implications**

Ovidiu Pop

Saturday, October 10 | BRADUL Hall (Conference Center)**09:00 – 11:30 | NEURO-ONCOLOGY**

Moderator: Dan Mitrea

09:00 Session Opening & Introduction

09:05 Dan Mitrea

09:05 Advances in Molecular Diagnostics: Nanopore Sequencing and Real-Time DNA Methylation Analysis

09:20 Diana Pasov

09:20 Maximizing Resection While Preserving Function in Diffuse Gliomas (Clinical Cases)

09:35 Sebastian Pavel

09:35 Molecular Profile-Guided Precision Radiotherapy: Strategies and Challenges

09:55 Gabriel Ricu, Ioana Stoica

09:55 Low-Grade Diffuse Gliomas (LGG): Reclassification, Risk Stratification, and the “Wait-and-See” versus Early Intervention Dilemma

10:10 Adriana Băncilă

10:10 IDH-Wildtype Glioblastoma: Current Standards and Emerging Treatment Approaches

10:25 Mihai Păun

10:25 Leptomeningeal Disease: Diagnostic Challenges, Clinical Experience, and Intrathecal Therapy Protocols

10:45 Anca Ghilinta, Dan Mitrea

10:45 Multidisciplinary Tumor Board & Interactive Case Discussions

11:05 All

11:05 Cancer-associated thrombosis (CAT) in patients with brain tumors

11:25 Nikolaos Tsoukalas

11:25 Q&A Closing
11:30*11:30-11:50 Coffee Break*

Saturday, October 10 | BRADUL Hall (Conference Center)

11:50 – 13:30 | COLORECTAL CANCER AND HEPATO-BILIARY CANCERS

Moderators: Gabriel Becheanu, Dan Duda, Radu Vidra

11:50 **HCC – Toward Durable Responses in Liver Cancer: From Local Therapy to**
12:10 **Immunotherapy and Cellular Therapy**
Dan Duda

12:10 **Treatment Sequencing in Advanced HCC: What Comes First, What Comes Next?**
12:25 Bogdan Gafton

12:25 **Imaging Features of Colorectal Cancer Liver Metastases**
12:40 Marina Nepotu

12:40 **AstraZeneca Symposium**
13:00 **HIMALAYA Study: Aim for More Life in uHCC with the STRIDE Regimen**
Radu Vidra

MagnaPharm Symposium
MDT Perspectives on the Therapeutic Management of mCRC with BRAF V600E Mutation
13:00 **BRAF V600E in mCRC: From Tumor Tissue to an Actionable Result** - Gabriel Becheanu
13:30 **BRAF V600E-Mutant mCRC: Translating Molecular Diagnosis into Treatment Strategy** - Bogdan Gafton
A Clinical Case - Ioana Dinu
Take-Home Messages - Adina Croitoru

13:30-14:15 Lunch Break

Saturday, October 10 | BRADUL Hall (Conference Center)**14:15 – 16:00 | GASTROINTESTINAL & COLORECTAL (I)**

Moderators: Adina Croitoru, Radu Vidra

Affidea Symposium

14:15 **The Patient Journey within a Multidisciplinary Medical Ecosystem: The Affidea**
14:35 **Experience**
Mădălin Coman

Amgen Symposium

14:35 **Two cases, different goals, one decision in RAS wt mCRC**
15:05 Răzvan Ovidiu Curcă, Elena Gafton, Raluca Mihăilă

Takeda Symposium

15:05 **Reimagine Survival in Previously Treated mCRC: Fruzaqla® (fruquintinib) from**
15:25 **FRESCO-2 Evidence to Real-World Clinical Experience**
Adina Croitoru

BMS Symposium

15:25 **CM 8HW: Survival is redefined**
15:40 Ciprian Berisha

AstraZeneca Symposium
