# UPDATES IN Urogenital Cancers

March 19-21, 2026 COURTYARD BY MARRIOTT, CLUJ-NAPOCA

**Dear colleagues,**

We warmly welcome you - with friendship, enthusiasm, and also with emotion - to Cluj Napoca, from March 19 - 21, 2026, for the second edition of the SNOMR event “**Updates in Uro-Genital Cancers**”.

We would also like to thank you for the interest and support shown to the first edition, as well as to other previous events organized by the SNOMR Genitourinary Tumors Working Group. Taking into account their success, we believe we will also be able to meet your current expectations.

The comprehensive scientific program, the participation of well-known guests recognized for their contributions to the field of genitourinary oncologic pathology, the debates on highly topical subjects, and - last but not least - the involvement of young oncologists through the pre-conference course and interactive workshops represent just some of our arguments in this regard.

Last but not least, we hope that our meeting on this occasion will not only be useful and enjoyable, but also a new step toward creating the united and engaged professional community that we all wish to build.

*Conference Coordinator:* **Mihai Marinca**

*President S.N.O.M.R.:* **Laura Mazilu**

*Vicepresident S.N.O.M.R.:* **Șerban Negru**
